Do we have to maintain the hot tub during our stay?

Please let management know immediately if the hot tub becomes dirty, cloudy or discolored during your stay or if you notice the chlorine dispenser is running low. We will be happy to send our cleaners up to make sure the hot tub remains in good condition for guest use. Additional charges may apply if excessive cleaning is necessary. To avoid extra charges please take care to avoid eating or drinking in the hot tub and showering before each use.

service providers [such as DJs, photographers, caterers, marriage commissioner] - then the lodge is regarded as your 'private residence' for the duration of your stay. As such, no licence can or will be issued by the LCLB and **you are not permitted to sell liquor at your event, only serve liquor**. You may hire a server, or a company, to assist with serving liquor they must have a valid 'Serving It Right' certification.

To assist with recouping the costs of your wedding expenses we suggest setting up a donation jar. This jar must be away from the liquor service area and on a separate table from where the liquor is being served and cannot state that it is for liquor. Please be advised that even though you are not legally required to obtain a license, you may be responsible for the duty of care of your guests and ensuring minors are not served liquor (see below).

- **Duty of Care**
 - If you serve alcohol to someone who becomes impaired as a result, you may be held legally liable for that person's subsequent behaviour.
 - You must protect patrons at your event and others from harm that may be associated with the activity of drinking. This includes harm which may occur on the premises of your event, as well as harm which may occur after the patron has left the premises.
- **Minors**
 - Minors (under age 19) are generally allowed, but may not drink — or serve — liquor, or sell drink tickets.
 - Your servers must ask to see two pieces of identification if they believe the person ordering a drink is underage.
